Outstanding benefits for your future

- Superior built fully insulated timber frame construction. GreenHill Homes are covered by the 10 year HomeBond Guarantee Scheme.
- No more expensive gas or oil bills! Highly efficient air to water heating system. This system not only ensures constant hot water, it also provides a steady and comfortable internal temperature.
- GreenHill Homes will have a Building Energy Rating of A2 due to the combined effect of the air to water heating system and high level of insulation and air tightness
- GreenHill Homes will be (NZEB) (Nearly Zero Energy Buildings) compliant in line with building regulations.
- All GreenHill Homes will be finished internally in a white easy to maintain paint finish.
- GreenHill Homes gardens offer a wonderful extension of the living space. Gardens to the rear are levelled and seeded and the house is finished externally in a painted finish.
